Austag Gala Day

We hosted a very successful Gala Day for Austag on the 14th October 2014. We were joined by Delungra, Pally and St Josephs Warialda, so we had 120 students attend. Thanks to Peter Stevens and his crew for a great day. The morning was taken up by clinics and then games were played in the afternoon. Thanks to Kay, Karen, Lorraine and Vickie for providing a fantastic lunch. A super day was had by all and Rolls wants to encourage our kids to look at Rugby League as a future career.

Lake Keepit

Everyone had a fabulous time at Lake Keepit. The food was delicious, the activities were fun, the instructors were friendly and the weather was great for water activities. I was so pleased that every student accepted all the challenges associated with the activities and accomplished the impossible. Well done! Thank you to the parents who helped with supervision. We really appreciate the extra help. Congratulations to all the students for their wonderful behaviour and for supporting each other. Not one child was homesick which shows how grown up they all are. They were all having too much fun to miss home.

Lane Clark

Lane Clark is one of the greatest educators in the world. She supports teachers in eleven countries and has been invited to undertake her doctorate by Oxford University. We are very privileged to study with her and hope that it makes a difference for our students here at Gravesend. Our teachers are now part of her advanced group who will endeavour to teach our students to think effectively to enhance their learning so they will make a difference in their lives and the lives of others. We are striving to achieve deep understanding and rigour of learning in all aspects of the curriculum.

As you can see we began the term with a bang and it is going to be hectic till the end of the year.

Have a great week
