STUDENTS HAVE BEEN INVESTIGATING THE CAUSES OF EROSION & WEATHERING IN THE SOIL THIS TERM.
THEY ARE ALL VERY INTERESTED IN THE RESULTS FROM DIFFERENT EXPERIMENTS THEY HAVE BEEN CONDUCTING.
Education Week

Open Day for Education Week had to be postponed to next Thursday 6th August 2015 due to unforeseen circumstances. Hopefully we will see lots of visitors at our school next Thursday.

Heferen Shield

It was fantastic to see the rain last week but due to the wet weather Heferen Shield had to be postponed. The alternate date that has finally being settled on is Monday, 17th August. The carnival will still be held at Boughton Oval, Moree commencing at 9am sharp. Good luck everyone.

Professional Learning Days for the Staff

The Professional Learning day for the staff last Monday was excellent. We were able to study the School Excellence Framework and map our school against the criteria to determine where our school is excelling and the areas for improvement.

BOSTES Training – Change of Date

The staff will not be attending the Consistent Teacher Judgement Workshop at Ross Hill PS, Inverell on Monday, 3rd August from 3pm to 6pm. We have organised for BOSTES to conduct a workshop at Warialda PS on Monday, 19th October in Term 4.

Excursion

We have finally planned the 2015 excursion. The focus areas for Science and HSIE this year are learning about living things, Australian animals, National Parks and weathering and erosion. Therefore, we are going on a Zoo Snooze on Monday 9/11/15 followed by visiting the Pilliga and Kaputar National Parks for the remainder of the week. Kinder students are invited to attend the whole excursion but if parents think the week is too long for their children to cope with, Kinder could just join the rest of the school for the Zoo section and parents could then bring them home.

Have a great week.

Kris Pagett
STUDENT OF THE WEEK

MM CLASS - LASHARNA BARRINGTON
PB CLASS - CHARLIE PEACHEY

BRONZE AWARDS
