JERRY COLBEY-WILLIAMS VISIT
From The Principal’s Desk

Excursion

A wonderful time was had by all on last week’s excursion to the Zoo at Dubbo, the Pilliga, Narrabri and Terry Hie Hie. The Zoo Snooze was a fantastic experience. It was an excellent learning opportunity to see the animals up close. The students stroked a bearded dragon, a green tree frog, a shingle back lizard and a corn snake; they patted wallabies and saw the tigers being fed. Throughout the night, lions roared and animals called to each other and during the morning walk the siamang monkeys put on quite a show and the gibbons demonstrated how athletic they were. The Sculptures in the Scrub in Dandry Gorge were awesome and the students enjoyed swimming in the Pilliga Bore Bath. Sawn Rock was spectacular and the Mission at Terry Hie Hie was very informative. Thank you to the staff, parents and carers who helped on the excursion and to the students for their exemplary behaviour, good manners and enthusiasm.

Jerry Colbey-Williams

On Thursday afternoon, our school was very lucky to host a visit from the gardening guru Jerry Colbey-Williams. He helped the students with gardening tips for growing vegetables and roses. He was very impressed with our kurrajong and mistletoe. He explained that new research has shown that mistletoe add to the biodiversity of an area. The children enjoyed finding little bugs on our plants and Jerry decided if they were friend or foe. The children have been inspired to improve our garden and their gardens at home.

Thank you to Sally Foreman from Landcare for coordinating the visit and providing lunch.

Have a great week,

Kris Pagett
